A THOUGHT
If a man say I love God, and hate his brother, he is a liar; for he that loveth not his brother whom he hath seen, how can he love God whom he hath not seen? —1 John 4:20.
Love rules the camp, the court, the grove.
And men below and saints above;
For love is heaven, and heaven is love.
Walter Scott.

The sudden death of James R. Mann at Washington removes a figure long prominent in congress. Mr. Mann had served as one of the representatives of Illinois for nearly twenty-five years. He was one of the best parliamentarians in the house and had a knowledge of public affairs which made his counsels often sought. A man of more than usual business acumen and with a definite independence of thought and action, his death means a loss both to the nation and the party of which he was a prominent member.

The Kiwanis club is doing a graceful and worth while thing in arranging for a public banquet in honor of Illinois colleges and high school football teams. The feeling that these young men get nowadays in their athletic work is of definite value to them and thru this athletic work they make a

distinct contribution to the life of Jacksonville.
To be a successful athlete calls for certain self-sacrifices and men who serve on college or high school athletic teams must live regularly. They must spend many hours in practice that their unathletic comrades can use for social or other purposes. So an athlete, while he has his rewards, must make some sacrifices. It is a fitting thing to give special recognition to these young men, who are giving athletic value and helping build up a wholesome interest in sports that develop sturdy manhood.

About 150 young women and young men representing colleges and universities of Illinois are in Jacksonville for two days to attend a conference on themes related to religious life. The time was perhaps when Y. W. C. A. and Y. M. C. A. work was rather delegated to those who did not have other lines of interest in the colleges. But that day is long since past.
It is recorded that for the most part those students who are identified with the religious activities of the colleges are also interested in athletics and other features of college and university life. It is a wholesome thing for young people to meet in conferences of this character, and such assemblages give inspiration not only to those who attend but also to those of older years who observe them from the sidelines.

Answering the statement of a Democratic newspaper that our proper merchant marine policy is to sell the ships for which the Democratic administration paid \$2,000,000,000 at any price they will bring and then tell the buyers that it is up to them to make the ships pay or get out of business, the Republican Publicity Association, through its president, Hon. Jonathan Bourne, Jr., says: "That is just exactly what we have done for the past 60 years, and the ships went out of business so far as the American flag is concerned."
"But the ships did not cease doing business. They were merely sold to owners who operated them under other flags. They took their freight and passenger profits to other countries. They bought their marine insurance policies in foreign lands. They employed foreign seamen and trained the people of other nations for sea service. They had their repair work done in foreign lands, and bought their supplies abroad."
"In addition to all that, they helped build up the trade of the countries under whose flags they sailed. In some instances they were operated under the laws of nations that provided some sort of subsidy."
"Our plan of telling the ship owners that they must sink or swim, survive or perish without any help or sympathy from the government, has not worked very well in the past and we see no reason to expect it to work in the future."

BERTON BRALEY'S DAILY POEM
Healthy Ire
By Berton Braley
THOUGH I've preached that merry laughter is a thing worth seeking after,
And enlarged upon the virtues of a smile,
There are times when it is fitter that our wrath grow hot and bitter,
When surrounding circumstances call for bile.
Anger has its healthy uses in abolishing abuses,
Which good humor is too patient to resent,
And a lot of great upheavals which have knocked out ancient evils
Are results of incandescent discontent.
THERE are people, for example, who incontinently trample
On the rights of any smiling-visaged bunch,
But who rapidly retire from the grim, unsmiling ire
Of the scrappy lad who packs a peppy punch.
There is often lots of merit in the motto, "Grin and bear it."
When you find a heap of troubles in your path,
But considered as a nation we have too much toleration,
And we smile at things we ought to view with wrath.
IT is silly and a scandal to be flying off the handle
At each petty thing that happens to go wrong,
But at certain times and seasons there are multifarious reasons
Why our anger should be violent and strong.
Though we may find life beguiling if we keep forever smiling,
We shall leave things very much as they have been,
For to make existence better and to break each binding fetter
We have got to burn with fury, now and then!

BUSY DAY SPENT AT POST OFFICE
Value of One Day's Receipts of Saving Stamps and Certificates is \$35,000—City Residents Asked to Give Time to People from Country Today
Friday was a remarkably busy day at the Jacksonville postoffice. Postmaster R. I. Dunlap's announcement that this is the time to make application for the funding of war savings stamps and certificates brought results. Various members of the postoffice staff were occupied for hours in filling out the necessary blanks for stamp holders who appeared at the office and \$35,000 represented the total value of the applications made.
Postmaster Dunlap now makes the request that people in the city postpone filing their stamps until after today. It is expected that a great many people from the country will be in today with their stamp books and it will greatly aid the postal department if people resident in Jacksonville wait until the coming week for filling their stamps for redemption.
The hours observed at the postoffice for this redemption work are from 9 to 4 o'clock. December 1st is normally a busy time at the postoffice and the savings stamps and certificates make a vast amount of extra work. Holders of stamps should bear in mind that if the stamps are not registered that they can be filed with any bank just as well as at the postoffice.

U. S. RESPONSIBILITY TO WORLD PORTRAYED
Dr. Thomas Smith In Thanksgiving Day Address Made Plea for America to Bear Share of International Burdens.
At the union Thanksgiving service at the Christian church Thursday morning Dr. Thomas W. Smith preached the sermon. His theme was "America Keeping Faith" and a strong argument was presented in support of the minister's belief that the U. S. cannot hold herself aloof from the affairs of Europe.
A goodly audience was in attendance and a splendid special musical program was given. The text was "Open ye the gates that the righteous nation which keepeth faith may enter in." Dr. Smith urged that there has been such world development since the policy of isolation was established that it cannot safely be followed now if America is to meet the obligation that belongs to her.
Continuing his argument Dr. Smith said:
"And here is the American Board of Commissioners petitioning our government to secure full and official representation in the great conference affecting Turkey and the Near East. And the Federal Council of Churches, urge us to make it emphatic to our representatives at Washington that the American people do not desire their government to pursue a policy of inaction toward the Near East."
Oscar Straus, Major General Harbord and Talcott Williams were quoted as advising United States to spend millions for a mandate now or billions for future wars.
"It was twenty-four years ago that America gave up aloofness and went 9,000 miles into the Pacific to deliver 7,000,000 people from tyranny. But what American today can study the Pacification of the Philippines and say that we blundered? The conscience of America agrees with Justice Clarke of our Supreme Court and with Lord Bryce, "If civilization does not lord the world of war, war will rid the earth of civilization."
"How long before it will occur to some one in Washington that as in the Pacific, so in the Mediterranean, it is vastly cheaper to prevent war than to pick up the pieces?"
"I see valiant statesmen struggling to affect the arch of peace to span the black gulf of war, see the stones lifted up by Egypt, France, Italy, Japan, Belgium and many other nations. The arch rises painfully. It sways a bit. I see the anxious hands of earnest Christian statesmen. Where is the key-stone block of the arch? There at one side has the key stone, "America." Dr. Smith concluded.
"Above all conferences, higher than all diplomacy stands God with the Shadows keeping watch, the One who holdeth the nations in his hand as the dust of the balance. We stay ourselves upon Him. In His undefeated hand is the future. 'Jehovah, thou wilt ordain peace for us; thou hast also wrought all our works for us.'"

NINETY YEAR OLD RESIDENT IS DEAD

Mrs. Eliza Anna McDonald Lived Most of Her Life in Jacksonville — Was Ninety, November 14.

Mrs. Eliza Anna McDonald, born in Jacksonville on November 14, ninety years ago, died at 9 o'clock Thanksgiving night at her home, 414 West State street. With the exception of the few years of the California gold rush, when Mrs. McDonald accompanied her husband to that state, her life was spent in Jacksonville. Few is any of those born in Jacksonville so long ago yet remain here.

She was the daughter of Mr. and Mrs. George Rearick, and her birthplace was situated on the present high school site. Her later home where she lived with her family and later by herself, is a structure of about 100 years of age. Her room when she died was still fragrant with the flowers sent her in honor of her ninetieth birthday.

Mrs. McDonald had been in failing health since a rheumatic attack last spring, but was not seriously ill until last Sunday. She was up in her wheel chair on the morning of her death, but her condition grew worse toward evening, and the end came at 9 o'clock.

One daughter, Mrs. Edward Lax, of Edwardsville, arrived to take charge of arrangements Friday, and the funeral will be held at 10 o'clock Sunday morning at the Reynolds funeral chapel. Reverend W. H. Marbach will officiate and interment will be made in Diamond Grove cemetery.

Suffering has gone from your face, mother!

S. S. S. is the Great Builder of Red Blood-Cells and Rheumatism Must Go! Just Try It!

"Rheumatism? Me? No, indeed, it's all gone, every bit of it! It's sunshine and joy for me now for the first time in years. I feel a wonderful glow again in the face and I used to have when my days were younger. I look at my hands and think of the twines and swellings they used to have. I bend my neck and the doctor, I have been able to do that in many years. I can thank S. S. S. for it all! To me it was a rising sun of joy and liberty. Brothers and sisters in misery, do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. It is here and now for all of you. S. S. S. is waiting to help you. There is a reason why S. S. S. will help you. When you increase the number of your red-blooded cells, the entire system undergoes a tremendous change. Everything depends on blood strength. Blood which is minus sufficient red cells leads to a long list of troubles. Rheumatism is one of them. S. S. S. is the great blood-cleanser, blood-builder, system strengthener, nerve invigorator. It stops skin eruptions, too, pimples, blackheads, acne, boils, eczema. It builds up run down, tired men and women, beautifies complexion, makes the flesh firmer. Start S. S. S. today. It is sold at all drug stores in two sizes. The larger size bottle is the more economical.

DR. LIPPINCOTT HEARD BY BROTHERHOOD

Widely Known Scientist Made Address Friday Evening at Congregational Church.

Dr. William A. Lippincott of the Kansas Agricultural college was the guest of honor and made an address at the meeting of the Congregational Brotherhood Friday night. A duck dinner was served at 6:15 o'clock and afterward came the address.

R. W. Woolston, who is the president of the Brotherhood called the assemblage to order and the minutes of the last meeting were read by Secretary Crabbe. Then Mr. Woolston asked Dr. C. H. Rammelkamp to introduce the speaker. Dr. Rammelkamp referred to the continued interest that Illinois college has in Dr. Lippincott because of his scientific work and constant advancement. He went on to say that after leaving Illinois college Dr. Lippincott followed special lines of study, and in recent years had taken his degree at the University of Wisconsin. Text books have come from his pen on subjects relating to poultry culture and his successful work has given him national recognition.

Dr. Rammelkamp said that this son of Jacksonville, while devoting his attention to poultry study has used poultry as a means in the development of various facts that he has contributed to the world of science.

Dr. Lippincott used as his theme genetics in its relation to the human race. Genetics was defined as the attempt to account for the likenesses of differences in organisms related by descent.

By the use of a blackboard and diagrams the speaker developed his theme in its relation to both plant and animal life. Facts relating to descent with which very few of the audience were familiar were presented and the address had its definite value and gave abundant proof of Dr. Lippincott's knowledge of his theme.

At the conclusion of the address opportunity was given for the asking of questions. The committee in charge of the dinner included L. S. Doane, Arthur D. Fairbank, Dr. Ellsworth Black, assisted by Ben Morgan and Stanley Wood. The ducks were provided by Ed Spink, long an active member of the Brotherhood.

In addition to the members there were fifteen or twenty visitors present and the meeting was one of the most successful that the Brotherhood has held this season.

GEORGE SALBY BUYS STATE STREET LOT

Purchases Dr. P. L. Brown Property from Messrs. Hopper & Hoffman—Will Erect Billiard Hall.

Thru a contract closed yesterday Fletcher Hopper and Harry Hoffman sold their West State street property to George Salby. This was formerly known as the Dr. P. L. Brown property, with a frontage of 60 feet on West State street, extending thru to Morgan street. The Coffee & Waite Shop building, together with that occupied by the Johnson grocery, are on the lot which Messrs. Hopper & Hoffman acquired more than a year ago under contract that Charles DeStiva had made with Dr. Brown for purchase.

Mr. Salby, it is understood, is acquiring the property as the site for a building he expects to erect at a later time for pool and billiards. For some time past he has been on watch for a building suited to this purpose. As Mr. Salby did not find just the building needed he determined to take another course, and buy a lot and erect a building.

THOSE qualities of hardness, toughness and density that make up the inherent durability in vitrified brick are found present in all brick surfaces, whether the pavement be of simple or complex design. There is a brick pavement design to fit the local soil conditions, traffic needs or financial limitations of any community.

VITRIFIED Brick PAVEMENTS

whether of simple design (on a natural soil foundation) or of complex design (on increasingly thick and heavy artificial bases as needed) all possess this unequalled surface durability. It is this durability of each unit in the surface that makes brick pavements last so long and cost so little for annual maintenance and repair.

ROUTT HIGH WON AT PLEASANT HILL

Local Team Takes Measure of Pike County Team 20 to 6—Routt Takes Ball on First Kickoff and Marches Straight Down the Field for a Touchdown.

Routt high football team gave Pleasant Hill a big surprise Tuesday day when it won the game played at that place by a score of 20 to 6.

The local team was outwitted by Pleasant Hill but that did not seem to be any handicap to Routt. The ball was received on the first kickoff and carried straight down the field for a touchdown. It required just three minutes to carry the ball over.

Doyle was the star of the Routt team, scoring all the touchdowns. In the second quarter Doyle went around the end from his five yard line and ran 95 yards for a touchdown. In the third quarter Doyle again broke loose and sprinted 45 yards for the third touchdown for Routt. Pleasant Hill made her lone score in the final minutes of play when by continuous line bucking the ball was finally carried over but the try for point failed.

By the victory Thursday the Routt players will be given a banquet by a local business man. The boys were told if they won two of their last three games they would be given a banquet and the game yesterday assured them of a feed.

JACKSONVILLE HIGH DEFEATED WESTERN

Locals Play Great Football in Mud And Defeat Opponent By Score of 14 to 0—Rain Mars Contest.

Jacksonville high defeated Western Military academy on Illinois field in the turkey day game by a score of 14 to 0. The game was marred by rain which started to falling about half an hour before game time. This also kept down the attendance, tho a good sized crowd braved the weather and was well repaid, for it was one of the best games of the season.

When the teams lined up for the kickoff it looked rather gloomy for Jacksonville, as the Military lads looked mighty good and also looked to have it on our boys both as to age and weight.

But after the fray started every body took heart for the locals outplayed Western thruout the contest. Jacksonville made consistent gains thru the visitors line while their passing was equally as good. In fact when it is considered that Western probably tried three times as many forward passes as Jacksonville the percentage that went thru favored the red and white.

When it came to line play Jacksonville stopped the visitors in their tracks. Western tried time after time to dent to local line after it spread out by passing but it was only occasionally that gains were made.

Coach Lowery of Western nearly wore out a pair of shoes walking up and down the side lines and he probably exhausted his vocabulary in expressing his opinion of the officials, tho he did not say anything loud enough for the aforesaid officials to hear. Umpire Brockman early in the game ordered Lowery to go back to the bench where he belonged else he would penalize his team. This put a damper on Mr. Lowery but he continued to crab until the final whistle sounded.

J. H. S. Scores Touchdown
Jacksonville's first touchdown came in the second quarter. After the ball had exchanged hands several times because neither team was able to make the necessary gain, the locals got the ball with in striking distance of Western's goal. The ball was worked to Western's 12 yard line. Then a forward pass was tried over the goal line. The Jacksonville receiver was camped right under the ball when a Western man seized him and began to pull him back while another opponent was trying to catch the ball.

Umpire Brockman ruled Western was holding and the penalty of 15 yards gave Jacksonville a touchdown. Lewis added the extra point with a place kick. In the third quarter and thruout the rest of the game Western began a desperate attack. Forward passes, line bucking, and runs and onside kicks were tried but without much success. Jacksonville intercepted several passes and grounded many more, tho Western in the last few minutes of play got away with several and the ball was in Jacksonville territory when the final whistle sounded.

Jacksonville's second score came in the fourth quarter thru as pretty a bit of football as was ever seen on Illinois field. Arnold passed to Hackett who was in the clear when he caught the ball. Hackett raced 40 yards for touchdown. However, one of Western's sprinters was close on his heel and it looked as tho he would down him before he reached the goal line. Capt. Putnam raced across the field from his position at right end and did one of the neatest bits of interference local fans ever witnessed when he threw himself headlong in the path of the would be tackler and dumped him on the 15 yard line.

CORNHUSKERS WIN MISSOURI VALLEY TITLE

KANSAS CITI, Mo., Dec. 1.—The Nebraska Cornhuskers stood on the football horizon today not only as the undisputed champions of the Missouri Valley conference but as one of the strongest eleven in the middlewest. Defeat of the much touted Notre Dame at Lincoln yesterday added much to the gridiron glory of Nebraska.

Nebraska played five games in the conference winning all by wide margins. The victims were Missouri, Kansas, Oklahoma, Kansas Aggies and Ames. Drake also played an ever victorious season in the valley. But the Des Moines Bull Dogs were not scheduled to meet as many strong eleven in the conference as were the Cornhuskers.

Nebraska using largely a second string eleven, overwhelmed Ames 54 to 6. Drake had defeated Ames 14 to 7.

Mr. and Mrs. W. D. Gibbs and daughter Jane arrived Thursday night from St. Louis, where they have been visiting friends the past few days.

Miss Evelyn Sherrer arrived home Wednesday night from St. Louis to spend the Thanksgiving vacation with her parents.

I. S. D. DEFEATED GIRARD HIGH 19-0

Local Lads Walk on Opponents—Crabbe and Kassinkoff Make Touchdowns.

Coach Burns' I. S. D. warriors had an easy time beating Girard high school at Girard in the Turkey day game, the final score being 19 to 0.

The I. S. D. boys outplayed their opponents at all points of the game and their goal was never threatened. The game was witnessed by a large crowd. Coach Burns said last night that the team received the treatment from the Girard team and fans. The Girard people said the I. S. D. players were the cleanest playing bunch that had appeared on the Girard gridiron this season.

Crabbe made two of the touchdowns and Massinkoff one. Crabbe was in top form and played one of the best games of his career. Massinkoff was not up to his usual form, as he is suffering from a bruised ligament in his right side.

Mannen, captain of this year's team, Massinkoff and Taylor played their last game for I. S. D. as they graduate in the spring. All of them expect to enter Galliaudet college at Washington, D. C., next fall.

On the way from Girard in the Oleson bus the players inaugurated a new plan of electing a captain when they got together and named Crabbe to lead the team in 1923. The choice is a popular one and will be received with approval by followers of the team and students as he is easily one of the best fullbacks in this section of the state. He is 17 years of age and weighs 149 pounds. He is a quiet tempered player and his greatest specialty is hitting the line and few lines can withstand his plunges.

The lineup:
Girard I.S.D.
Left End Taylor
Left Tackle Montegard
Miller Left Guard Crofts
Hamilton Center
Eccles Right Guard Sellers
Cusie Right Tackle Wolf
E. England Right End Johnson
Bogart Quarter Back Mannen (C)
Green Right Half Miller
Walden (C) Left Half Rose
A. England Full Back Massinkoff
Whitler Substitutes—Girard, Meyer for A. England; I. S. D., Dillard for Taylor; Jones for Crofts, Ford for Massinkoff, Schroeder for Dillard, Knapp for Crabbe. Touchdowns, Crabbe, (2), Massinkoff, (1). Goal from touchdown, Sellers.

WHITE HALL WON FROM CARROLLTON

White Hall, December 1.—White Hall high "swamped" Carrollton high in a football game here yesterday (Thanksgiving), the final score being 41 to 7. The local boys completely outclassed the visitors, scoring six touchdowns to one for Carrollton. The game was played in a drizzling rain which handicapped both teams in handling the ball and remaining on their feet. It was the final game of the season for both teams.

There was a great deal of fumbling during the game as a result of the slippery condition of the ball.

Ray Goode, end playing his last game for W. H. H. S., was the individual scoring star of the game, he having scored four touchdowns. McClure and Hansberger, halfbacks, scored the other two touchdowns.

White Hall scored first in the opening period when Goode carried the ball on an end-run on a play that looked as if it might have been a play thru the line when it was started. It was a dandy trick play and took Carrollton completely by surprise.

Carrollton's lone touchdown was scored in the second period when Pointer, halfback, carried the ball over on a long run from the middle of the field after receiving a pass on a "shoe string" play. Pointer hid himself in the crowd along the side-line running out onto the field when the ball was put into play.

"A freakish" touchdown was scored by Goode in the third period when a Carrollton punt was blocked on the Carrollton two-yard line, and he recovered the ball and carried it over.

CLOSE OF WHEAT MARKET UNSETTLED

CHICAGO, Dec. 1.—Wheat in the cash market was in good demand today with prices 1 to 2¢ better. Offerings were light. Premiums were 1¢ better for contract grades of red and 1 to 1¢ better on hard grades. Yellow hard was unchanged to 1¢ higher. Spring wheat was unchanged. Cash sales to millers were 65,000 bushels. The seaboard reported 200,000 bushels Manitoba worked for export.

Corn was in good demand with elevator interests buying the new corn and industries here taking the old. Prices at the close were 1¢ better. Premiums finished unchanged to 1¢ lower for old No. 2 grades. New corn premiums were unchanged to 2¢ lower the loss being mostly on off grades. Cash sales were 320,000 bushels. Vessel room was chartered here for 400,000 bushels including 120,000 bushels to Goderich, Putaria. Sales of 150,000 bushels of corn were made to go to stores here.

Oats were fair demand with prices 1¢ better and premiums unchanged. Cars inspected: Wheat, 19; Corn, 460; Oats, 170.

Apparent prospects of immediate farm relief legislation at Washington was partly responsible for an upward tendency which the wheat market showed during the earlier dealings.

Besides quotations at Liverpool were higher, additional rains in Argentina were reported, and there was a further reduction of 20,000,000 bushels in estimates of the Argentine, exportable surplus.

Domestic milling demand was only fair, and the only European buying reported was confined to wheat grown in Canada.

Corn and oats were inclined to drag after December corn had touched a new high price record for the season 7½. Rural offerings of corn showed something on an increase. Provisions averaged higher with hogs.

MAJOR J. L. GRIFFITH

FOOTBALL DINNER FOR MONDAY NIGHT

Heroes of Gridiron Will be Honored by Kiwanis Club—Address to be Made by Major Griffith.

The committee in charge of the second annual football dinner under the auspices of the Kiwanis club at Grace church, Monday night, is developing some interesting stunts and features for the entertainment of "the teams." The Kiwanis club began last year interesting themselves in the development and progress of athletic activities in Illinois college and the Jacksonville high school, and entertained the teams at their noonday luncheon.

The plan this year has been extended still further. The banquet will be given in honor of Coach Harmon and the Illinois college team, and also, Coach Mitchell and the team of the Jacksonville high school. All alumni of the college and the high school have been invited and on account of the prominence and popularity of these dinners, the admission has been thrown open to the public and will be granted on per cover charges of \$1.25.

The main address of the evening is to be made by Major John J. Griffith of Chicago, who is commissioner of athletics of western inter-college conference. Major Griffith occupies the same position to football as Judge Landis does to baseball. In addition to this he is editor of Monthly Magazine on athletic activities in all branches.

The football team including all "Y" men have been invited as guests of the Kiwanis club together with Coach Harmon, who will attend in a body. Eighteen members of the high school squad will also be present with Coach John L. Mitchell.

The dinner is expected to be a rousing affair. Many new stunts will be provided by the business men and the college and high school spirit will be running high. Favors of all kinds honoring the teams will be used in the fun making.

ROTARIANS PLAN FOR BIG CONVENTION

Expect to Send Many Representatives to International Meeting—Dr. Brokaw Told Startling Facts About Cancer.

The Rotary club has begun preparations for sending a big delegation to the international convention to be held in St. Louis in June. Dr. A. H. Doller is chairman of the committee and other members are Rev. M. L. Pontius, E. E. Crabtree, Vincent Foley and Henry Frisch. All of these men have at one time or another attended international Rotary conventions and for that reason are the more enthusiastic about the gathering which is to be held in St. Louis in June.

The club also at the luncheon tea to arrange for annual distribution of Christmas baskets. This committee includes W. H. De-Shara, L. T. Hamilton and Len G. Magill.

The address of the day was by Dr. R. V. Brokaw, county health officer, who had been asked to talk about cancer, a subject, he said, in which he was not really as much interested as in some other problems of public health. However, the subject by a nation wide movement has been presented thru various clubs in order that the public may gain some better understanding of the prevention of the disease.

Dr. Brokaw presented his facts in a way which made them so interesting that the attention of all his auditors was held. The speaker said that it is a generally admitted fact that the cause of cancer has not been fully determined and that great progress has not been made in the cure of the disease. It is necessary to discover the cause before a great deal can be done in the matter of prevention.

Dr. Brokaw, started his auditors by the statement that on the basis of statistics that six members of the Jacksonville Rotary club are destined to have cancer as the cause of death. The speaker said that among women one out of eight over 40 years of age die from cancer, and among men one out of 12 of those who have passed the 40 year mark.

Figures were then given to show the prevalence of the disease among particular classes, and the facts were classified in various ways to make them impressive. Dr. Brokaw said that cancer is not a blood disease and is not inherited. And further he said that it is a regrettable fact that people often are inclined to talk softly about cancer as if it were some loathsome disease which cannot be nicely mentioned. The frank discussion about the existence of cancer, the symptoms of the disease and some remedies that have been used are helpful. Mention was made of quack cures and the manner in which the public is too often fooled by them.

J. Bart Johnson was introduced as the latest member of Rotary. Guests of the day were Charles E. Dozier of St. Louis; L. W. Snerley of Decatur; C. E. Broekman, of Jerseyville, and Miss Patricia Splith.

Westminster bazar and market opens at 10 o'clock Tuesday, Dec. 5, Scott block, next west court house. Fancy articles, aprons, dolls, stuffed animals and a complete market of foodstuffs.

WELL KNOWN RESIDENT OF ROODHOUSE DIES

George M. Wyatt Passed Away Friday Morning After Two Weeks' Illness—Funeral Arrangements Not Completed

George M. Wyatt, a well known resident of Roodhouse, passed away at the family home there at 11:30 o'clock Friday morning. Mr. Wyatt was about 50 years of age, had been ill for the past two weeks and his condition for several days past had been such that death was not unexpected.

The deceased was a son of the late Mr. and Mrs. Van Wyatt and was born near Winchester. He spent the earlier part of his life in Scott and Morgan counties but had been a resident of Roodhouse for a number of years past.

Mr. Wyatt was a musician of great ability and had for years served as a band and orchestra leader. At the time of his death he was conducting a music store in Roodhouse, and was one of the best known merchants of that community.

Mr. Wyatt is survived by his widow, who before her marriage was Miss Mame Angle.

He also leaves two daughters, Mrs. Ralph Hutchinson of this city and Lucile at home. Two brothers and one sister also survive, Miss Minnie Wyatt of this city, Charles Wyatt of Coffeyville, Kan., and William Wyatt of White Hall.

The funeral arrangements have not yet been completed but it is probable that the funeral service will be held Sunday afternoon.

If you want an attractive doll at the right price, call early while the assortment is large.

"THE RED WIDOW" COMING TO GRAND
George Damerall, well known to the patrons of real musical comedies, and who will present his 1922 version of the big musical success "The Red Widow" in which he scored his greatest success last season, said P. T. Barnum was all wrong when he said the American people wanted to be humbugged.

That old saying might go for some of them, but I figure it is for the class that would not give a nickel to see the Kaiser's funeral. Such is not the case in the theatrical business, far be it from such. The theatergoers of today must have the goods or they will not buy it. They must have double value for all the change they leave on the ledge at the box office. I have discovered their wants and I am giving them an entertainment that is making them sit up and take notice. We are taking the audience from New York to London and back by the way of Petrograd, Russia and in so doing it requires tons of magnificent scenery for the four large screens used in the production, together with a lavish display of the latest creations of gowns and gorgeous fashions, which have been designed by the latest modistes of New York. I believe in giving full value and throwing in a little overweight and in doing so, the patrons leave the Theater with that satisfied expression on their face which seem to say, "I'm glad I came." "The Red Widow" will be here Tuesday, December 5th, at the Grand Theater. Among the Musical Comedy favorites seen with the "Red Widow" is Myrtle Vall, America's dainty comedienne and a cast of truly remarkable singers and dancers including that famous "Red Widow" chorus of pretty girls, known among Musical Comedy producers as the 100 per cent perfect beauty chorus.
